Cancellation & Refund Policy for Mentoring with James Goll (MWJG)

Last updated April 3, 2019

The commitment for MWJG is \$480 for one year of training and includes three classes and all bonuses offered. For convenience, this is paid in 12 equal payments of \$40/month. After 12 months, your membership will continue until you choose to cancel it.

We want you to be fully satisfied with your purchase from Empower 2000. Refunds will be issued for MWJG within the 30-day money-back guarantee window, resulting in the loss of eligible bonuses and access to the members site.

After this 30-day window has expired, no refunds will be issued. If a MWJG member insists on canceling their membership prematurely (i.e. before the 12-month commitment is over), then that person:

1. Will be charged a cancellation fee of \$40 x the remaining months left in their 12-month term. For example, if 9 months are remaining, they will be charged \$360. If 3 months are remaining, they will be charged \$120. This will be charged to the credit card on file.
2. Will continue to receive access to all replays and resources on the private member site, as well as bonuses offered through the end of the 12-month term.
